# HAVA Section 101 Analysis & Description of Activities Funded January 1, 2006 – December 31, 2006 ZUUT HAR 14 PM 2: 36

#### Section 101

During 2006, Section 101 funds were used for three general purposes: training for local election officials and state election administrators, monitoring HAVA compliance, including accessible voting systems and polling places, and testing and approving HAVA compliant voting equipment.

During 2006, we provided 66 training sessions to approximately 4000 local election officials. Section 101 funds were also used to print the training materials. This training covered such topics as registering voters, counting ballots, preparing the polling place, and improving accessibility for Election Day.

Section 101 funds were also used to provide staff and materials to monitor HAVA compliance. The primary projects during 2006 were distributing polling place accessibility surveys and tracking responses and compliance and testing and approving HAVA compliant voting system components. Every one of Wisconsin's approximately 2800 polling places are now designated as accessible.

Finally, section 101 funds were used toward the administrative expenses, such as equipment leases, office space, and telephone costs for the HAVA funded staff.
